

CHAPTER 1.2

APPLICABILITY

The Requirements contained in FOR General Aviation, shall be applicable to general aviation operations with aeroplanes as described in Volume I, Section 2 and Section 3.

Note 1.— Requirements applicable to the operation of aeroplanes by operators authorized to conduct international commercial air transport operations are to be found in Flight Operations Requirements (A).

Note 2.— Requirements applicable to international commercial air transport operations helicopters are to be found in Flight Operations Requirements (H).

Note 3.— Section 2 of Flight Operations Requirements – General Aviation Volume I, applies to all international general aviation aeroplane operations, including those covered in Section 3. Section 3 adds additional requirements for large aeroplanes, turbojet aeroplanes and corporate aviation operations.

Note 4 – Requirements applicable to the operations of helicopters for General Aviation purposes are issued under Volume II of this Flight Operations Requirements – General Aviation.

*Note 5 - **Appendices** comprising material grouped separately for convenience but forming part of these Requirements.*

*Note 6 - **Notes** included in the text, where appropriate, to give factual information or references bearing on these Requirements, but not constituting part of these Requirements.*

*Note 7 - **Attachments** comprising material supplementary to these Requirements, or included as a guide to their application.*
