

## **CHAPTER 3.13**

# **SECURITY**

### **3.13.1 Security programme**

Each entity conducting general aviation operations, including corporate operator aviation operations, using aircraft with a maximum take-off mass greater than 5 700 kg, establishes, implements and maintains a written operator security programme that meets the requirements of the national Nepalese National Civil Aviation Security Programme of Nepal.

*Note.— Accepted industry codes of practice may be used as the basis for the development of a written operator security programme.*
