Subject: CVR defect

Dear Sir,

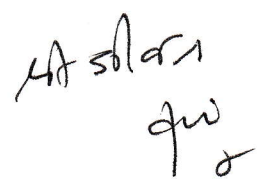

In connection with the ramp inspection dated 31st May 2010, the CVR installed in the Do-228 aircraft was not in the serviceable condition. The aircraft was neither released under MEL nor was the snag recorded. For the continuous serviceability of CVR unit, CAA Nepal with its decision dated 2067/2/17 has decided to direct the Do-228 operators to develop a procedure to include the functional check of the CVR in first flight of the day. All concerned are require to arrange accordingly and notify this office at the earliest.

.....

Er. Raju Shrestha
